CMU 2731
Extension, Expansion, and Connection of the Campus Geo-Exchange System for Grand Mesa, Fine Arts, and Lowell Heiny Hall 5001-22-1
Addendum #1
Response to Written Inquiries
July 25, 2022

1. Could I get a copy of the attendee list from the pre-proposal meeting?
   a. See attached.

2. What is the budget for this project?
   a. Currently, CMU has Controlled Maintenance Funds for the Fine Arts Building with an FLCC of $1.25 million. Lowell Heiny Hall has a future state funded commitment, and Grand Mesa will be 100% University funded. While the University has anticipated and allocated the cost of expanding the Geo-Exchange system to the three buildings, it is CMU’s expectation that the selected design firm will establish and propose a construction budget for the scope of work.
