Colorado Mesa University currently utilizes the OrgSync platform (Campus Labs), which is undergoing a change to “Campus Labs Engage”. CMU has utilized OrgSync since 2012, which pre-dates all the Student Life Department's current professional staff. While OrgSync has been a good product for us, the Student Life Department is doing its due diligence to review advancements and value in student engagement platforms after seven years on the current platform to ensure the University is utilizing the best software tool for our students.
