

Course Delivery Methods for Spring 2021

Description of Spring 2021 Delivery Methods:

1. Full Class In-Person – Traditional classroom delivery where all students attend class in person every day.
2. Hybrid (Traditional) – Traditional hybrid delivery where all students attend class in person one or more days per week and additional content is delivered online.
3. Online – Asynchronous online course, where all course content is delivered online.
4. Online w/Day & Time – Synchronous online course, where all course content is delivered online but there are set days/times for lectures and activities that are delivered via Zoom or other online platform.
5. Partial Class w/Web – Course that would typically be delivered via in-person or hybrid format but due to COVID room capacity limits, students are split into smaller groups and do not all attend in person at the same time and additional course content is delivered online.
6. Arranged – Course where both the schedule and meeting location are arranged by the department. This delivery applies primarily to internships, practicums, and music lesson.

The following CLSS fields are impacted by the delivery method you choose: Section Attribute, Delivery, Campus, Room, and Schedule. The chart below shows how to complete those fields based on your selected delivery method.

| Section Attribute | Delivery | Campus | Room(s) | Schedule |
|--------------------------------|--|---|--|---|
