STUDENT SUCCESS & ENGAGEMENT

Student Success & Engagement (SSE) advises all new Compass Program (formerly Provisional Baccalaureate “PB”) students. The primary role of SSE is to provide students with extra support in developing the skills they need to be successful at Colorado Mesa University.

Peer Coaches help students with all aspects of their academic experience, including helping them successfully transition to college life, choose courses, improve study skills and identify majors and careers they are interested in pursuing.

Apply to be a Peer Coach!
