

# Negotiating our Water Future

in Colorado & the Colorado River Basin

## Colorado Basin Roundtable

Our population is increasing but there's no new water.

Many uses compete for a scarce and limited water supply.

Municipal & Industrial

# Colorado is facing a “Gap”

# How can we fill the gap?

Already planned projects (Windy Gap firming, Moffat Collection System)

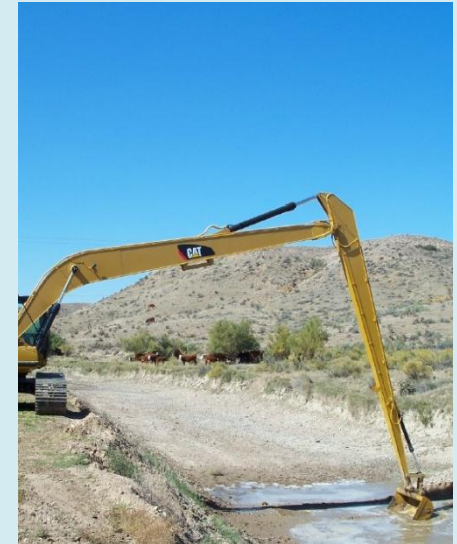

+

**Conservation**

**Ag to Urban  
Transfers**

**New Projects  
(Colorado Basin  
development)**

**The Governor wants a draft plan by the end of 2014 & a final plan by the end of 2015.**
