

**Jennifer Gimbel**

*Colorado Water Institute*

Jennifer Gimbel has had the opportunity to work for both State and Federal governments on Colorado River issues. For the Department of the Interior she worked as the Principal Deputy Assistant Secretary for Water and Science, Deputy Commissioner for the Bureau of Reclamation, and Counselor to the Secretary. For the State of Colorado she worked as the Director of the Water Conservation Board and was appointed by the Governor of Colorado as Commissioner on the Upper Colorado River Commission and the Governor's representative in Colorado River negotiations. She also held several positions with both the Colorado and Wyoming Attorney Generals Offices.
