

Steve Wolff, Administrator  
Interstate Streams Division  
Wyoming State Engineer's Office

Steve Wolff is the Administrator of the Interstate Streams Division in the Wyoming State Engineer's Office. The Division is responsible for overseeing Wyoming's rights and responsibilities relative to the seven interstate water compacts and three interstate water decrees the State is party to. Prior to assuming the role of administrator, Steve oversaw the Colorado River Program in the Division. Steve currently represents Wyoming on several interstate working groups, including the Western States' Water Council, the Glen Canyon Dam Adaptive Management Program and the Colorado River Basin Salinity Control Forum. Steve also chairs the Upper Colorado River Commission's Engineering Committee and the Upper Colorado River Endangered Fish Recovery Program's Management Committee.
