- Then select your area of interest:

The screenshot shows a section of the application form titled "Application". Below the title is the instruction "Select an area of interest". There are two dropdown menus: "Entry Term *" with "Fall 2020" selected, and "Academic Program *" with "High School Concurrent" selected.

Complete all fields with *

- Follow the [blue](#) instructions when you get to the page where it asks for information about your high school. **Most** local schools are in the list. It is **very** unlikely that you will have an unlisted school.
- Use an estimate for your graduation month (probably May) and add the year you will graduate from high school.

The screenshot shows the "High School Education" section of the application form. It includes instructions: "Enter the following information about your school: Enter the Country, Enter the State, You are not required to enter City, Click on Search and select your school, Click on the Select button". There is a search box containing "GRAND JUNCTION HIGH SCHOOL (360695)" with "Browse" and "Clear" buttons. Below is a field for "Unlisted School Name and Address" which is empty. A red box highlights this field with the text "This is ok to stay blank." There is also a "Home Schooled" checkbox. At the bottom, there are fields for "Expected Graduation Month" (set to "May") and "Expected Graduation Year" (set to "2023").

- The final page has some questions to ask about disciplinary history, and it asks you to certify 3 statements. You must click the circle to indicate "yes" on all the certification statements, then type your name in the signature line, and click "Submit Application".

Email concurrent@coloradomesa.edu or call 970-255-2600 if you need additional help.
