If you don’t see a class that works for your company, please contact WCCC at 970.255.2800 for additional dates or to customize a date for your company in Grand Junction or Montrose.

Instructor: Pavelka

8-Hour Hazardous Materials for First Responders — Awareness Level

This course is designed for all employees who are likely to witness or discover a hazardous materials release and will be responsible for initiating the appropriate response sequence.

Fee: $150

OPTION 1
Date: March 17
Day: Tuesday
Time: 8am–5pm

OPTION 2
Date: April 13
Day: Monday
Time: 8am–5pm

OPTION 3
Date: May 19
Day: Tuesday
Time: 8am–5pm

OPTION 4
Date: June 25
Day: Thursday
Time: 8am–5pm

24-Hour HAZWOPER (29 CFR 1910.120 (q))

This course is specifically designed for employees who work with hazardous materials or respond to hazardous spills in their work location. The course content meets the requirements established by OSHA.

Fee: $450

Date: Feb. 17, 18, 19
Day: Tuesday, Wednesday, Thursday
Time: 8am–5pm

40-Hour HAZWOPER (29 CFR 1910.120 (q))

This course is specifically designed for employees who work with hazardous materials or respond to hazardous spills as part of their work duties. This course examines proper health and safety procedures and personal protection during clean-up and emergency operations. Topics include hazard identification and control, hazardous materials (e.g., flammable, explosive, radioactive), safety planning, site control, personal protective equipment, monitoring, emergency and incident response operations, spill control, decontamination processes and a hands-on exercise. Course instruction includes case studies, group activities and hands-on practice. Manuals provided: IFSTA Hazardous Materials for First Responders Operation Level, 2012 Emergency Response Guide and a class manual.

Fee: $849

Date: May 11, 12, 13, 14, 15
Day: Monday–Friday
Time: 8am–5pm

8-Hour HAZWOPER Refresher

This course is for employees trained in hazardous waste operations or who are exposed or could potentially be exposed to hazardous substances or health hazards and are required to attend a yearly refresher course as mandated by OSHA 29 CFR 1910.120. Verification of completion of 24-hour or 40-hour class required.

Fee: $150

Spring 2015
Community Education
Classes for Local Businesses

Below are just a few of our offerings to help your business thrive:

New Supervisor Training Series
Help your new supervisors gain the knowledge that they need to lead their teams and make your organization more successful. This program is also great for existing supervisors as a high-quality and affordable refresher. Short individual classes are available as well as a comprehensive 40-hour series of classes that touch on everything supervisors deal with in their position.

Leadership and Human Resources Seminars
Be sure to take a look at the leadership section on page 15 for currently scheduled leadership classes. Similar classes are available in expanded formats. Give us a call and we’ll send a comprehensive list of options to you.

LEAN Manufacturing
Help your organization improve efficiency and the quality of your product through proven LEAN manufacturing techniques. A one day overview with simulations is available, as well as two- to three-day workshops in all the features of LEAN.

If you have a specific need that is not included, let us know. We will work toward customizing training for your organization. Technical training in a number of industries can also be made available upon request.
