Emergency Medical Technician

Fall 2023 CLASSES

Emergency Medical Technician- EMTS 101, 102, 103
EMTS 101: August 21 - September 21, 2023
EMTS 102: September 25 - October 26, 2023
EMTS 103: October 30 - December 14, 2023

Circle One of the Following Class Time Options
1. Tuesday, Thursday 10:00am - 2:00pm
2. Monday, Wednesday 6:00pm - 10:00 pm
3. Tuesday, Thursday 6:00pm - 10:00pm

Turn in your Completed Application with a Background Check - then you will be given permission to register.

Your Name:__________________________________________

Your 700#:__________________________________________

NEW for Spring/ Fall 2023: Students who enroll in this program may have tuition, fees, and course materials covered as Care Forward Colorado funding allows.
ABOUT THE EMT PROGRAM:

Emergency medicine is one of the fastest growing fields within the health care industry and it offers many diverse job opportunities throughout the country. The Emergency Medical Services program helps students develop skills to care for patients in their home, at the scene of an accident and during transport in an ambulance. Students learn how to assess the patient's condition, manage respiratory and cardiac problems, and take care of trauma injuries. The program includes didactic classroom lectures, clinical rotations within area emergency rooms and ride time with local fire departments.

And.... it is fun........

Steps For Applying to the EMT Program:

Step 1 - Apply to CMU or WCCC for acceptance as a student.

Step 2 - After you receive a Student ID number (also known as a 700 number), send in an application to the EMT program with a background check.

Step 3 - After you receive confirmation of acceptance into the EMT program, obtain a drug screen and purchase an HPSO insurance policy.

Step 4 - Gather all proofs of immunizations (not just the date). If you cannot locate the proofs, you can go get a TITER drawn to verify that you have had the immunization.

**After acceptance into the EMT program, please send in additional information all at once - NOT in separate emails.

The EMT and Paramedic classes are held on CMU campus in the Student Wellness Center classroom building. 1060 Orchard Avenue. Room 102 (by the ambulances)

EMT Course Descriptions

Emergency Medical Technician 101-3 Credits
Policies, rules and regulations of emergency medical services. Basic anatomy and physiology. Initial and focused assessment of patient in the field. This course covers the fundamental skills of the Emergency Medical Technician. Basic EMT skills, basic human anatomy, communication skills, ethical behaviors, cultural sensitivity, principles of trauma management and airway management. Here you will obtain your CPR certification if you don't have Healthcare Provider CPR($10.00).

Emergency Medical Technician 102-3 credits
Management of the respiratory, cardiac, CNS, endocrine, behavioral, drug, alcohol, allergic and anaphylactic emergencies. Management of the airway, CPR/AED and basic pharmacology.

Emergency Medical Technician 103-4 credits
Management of the head, spine, abdominal, chest and extremity traumas. Basic management of pediatric, gynecologic (OB), and geriatric emergencies. EMT safety, environmental emergencies, hazmat, triage, and incident command. Preparation for national registry written and practical examination.

Revised 11/2022
APPLICATION PROCESS and PROGRAM ADMISSION PROCEDURES

1. Apply to Western Colorado Community College online at http://www.coloradomesa.edu/wccc declaring EMT or Paramedic as area of emphasis. If you are already a Colorado Mesa University student, you can skip this step.

2. Complete a Background Check request online at http://www.cbirecordscheck.com - $5.00

3. Complete the EMT Application and the Health Examination Form
   Submit these forms to EMSProgram@coloradomesa.edu.

   THEN - You should gather all of the Proofs of Immunizations, Insurance, and Driver’s License to turn in after acceptance.

   - 1. Submit Proof of Vaccines/Immunization Record – Including:
      - Measles/Mumps/Rubella (MMR): 1 or 2 doses depending on indication (if born in 1957 or later).
      - Tetanus (Tdap or Td): 1 dose Tdap, then Td or Tdap booster every 10 yrs.
      - Varicella (VAR): 2 doses (if born in 1980 or later). Any student receiving a varicella vaccination should do so at least one month before beginning EMT classes. Students should not attend clinical rotations for 30 days after a varicella vaccination due to the rare possibility of contracting varicella after the immunization and exposing patients and staff at clinical.
      - Hepatitis B (HepB): 2 or 3 doses depending on vaccine.
      - TB test (Two-Step TB skin test or TB blood test) for baseline testing: Mantoux tuberculin skin test (TST) requires 2 separate TB tests (retest in 1 to 3 weeks after first TST result is read). Using a TB blood test for baseline testing does not require two-step testing. If baseline testing was completed in the past, then a TB screen within the past year is required.
      - Influenza (flu vaccine) required if you will be attending clinical between Oct-Apr: 1 dose annually.
      - COVID-19 vaccination is recommended for clinicals (most clinical sites are accepting waivers as an alternative; you may be tested daily at clinical sites if you are not vaccinated)

   - 2. Obtain a copy of Certificate of Professional Liability Insurance - You may apply for insurance through the National Professional Groups as a student. The website is; www.hpso.com. Should you choose to go through a different company, the policy must be comprehensive general liability insurance covering bodily injury and property damage liability with minimum coverage limits of $1,000,000 per occurrence/$2,000,000 general total limit, and medical professional liability insurance with minimum coverage limits of $1,000,000 per claim/$3,000,000 annual aggregate. Emergency Medical Technician student must be listed.

   - 3. Submit proof of personal health insurance

Colorado Mesa University Student Wellness Center Classroom Building
Office: upstairs
Classrooms: downstairs
970-248-1784/ 970-201-1969
If you are emailing your paperwork, please try to attach documents to your email in pdf or Word format by using a scanner app on your cellphone (please do not send photos unless that is your only available means).
To EMSProgram@coloradomesa.edu
If you have any questions about the financial aspects of the program, please reach out to Student Services at 970-255-2670. If you have any questions about the program itself, please email EMSProgram@coloradomesa.edu with your questions or contact Pam Holder @ pholder@coloradomesa.edu.

Acceptance into the EMT Program is contingent upon an application, a clean background check: No one can register for courses until these have been completed. If all of the immunization records are not turned in by the start of classes you will be dropped from the class. These classes fill up quickly and may close prior to the start of class. Do not wait until the last minute, or you may not get a seat. All EMT students must be 18 by the start of section 103.

What makes our EMT Program unique...

- CMU/Western Colorado Community College’s EMT program is a college academic program meeting higher education standards as well as Colorado the National Registry of EMT requirements; you will receive college credits for your EMT training.
- WCCC enjoys a unique relationship with some of the area’s best health care leaders in our community, ensuring programs meet current needs and making employment connections for our students. Area fire departments and hospital personnel play a very important role in our teaching process.
- WCCC’s outstanding support team, including dedicated Student Services staff and expert faculty, provides continuous help to quickly and effectively grow your academic skills and help you pursue your passion.
- The WCCC/CMU connection enables streamlined transfer to four-year programs at Colorado Mesa University; this ultimately puts you on the path for academic achievement towards a Paramedic degree and career success by coupling the power of strong training at WCCC and a top-notch university.
- Classroom instruction combined with practical labs and supervised clinical experience, exceeds the state mandate for required hours of instruction. We also offer American Heart Association BLS certification as part of your coursework.
